

ROSE STEWART
480 Wilson Road
13 Natural Resources Building
East Lansing, MI 48824
(517) 432-8086
stewa684@msu.edu

EDUCATION:

- 2007 **PhD in Animal Sciences, University of Maryland**, College Park, MD
- 1998 **BA in Biology, St. Mary's College of Maryland**, St. Mary's City, MD
- 1997 **Danish Institute for Study Abroad**, Marine Biology Semester, Copenhagen, Denmark

PROFESSIONAL EXPERIENCE:

- 2016-Present **Research Administrator**, Boone and Crockett Quantitative Wildlife Center, Department of Fisheries and Wildlife, Michigan State University, East Lansing, MI
- 2007-2014 **Research Associate and Laboratory Director**, Center for the Integrative Study of Animal Behavior, Department of Biology, Indiana University, Bloomington, IN
- 2002-2007 **Predoctoral Research Fellow**, Center for Species Survival, Smithsonian's National Zoo and Conservation Biology Institute, Front Royal, VA
- 1999-2002 **Research Assistant**, Wildlife and Contaminants Program, World Wildlife Fund, Washington, DC
- 1995-1999 **Veterinary Assistant**, St. Mary's Veterinary Hospital, Lexington Park, MD

TEACHING EXPERIENCE:

- 2009-2014 **Guest Lecturer and Course Co-Organizer**, ABEH A501 Techniques in Reproductive Diversity, Indiana University
- 2009-2013 **Co-Instructor**, ABEH A502 Research and Professional Ethics for the Bio-behavioral Sciences, Indiana University
- 2005 **Teaching Assistant**, ANSC 446 Physiology of Mammalian Reproduction, University of Maryland, College Park
- 1997 **Teaching Assistant**, BIOL 330 Human Anatomy and Physiology, St. Mary's College of Maryland

SERVICE AND OUTREACH ACTIVITIES:

- 2014-15 Ad hoc Reviewer, *Reproduction and Steroid Biochemistry and Molecular Biology*
- 2013 IU Guides Volunteer, Office of First Year Experience Programs, Indiana University
- 2011-12 Invited Judge, Women in Science Annual Poster Competition, Indiana University
- 2009 Grant Preparation Assistant, NIH Institutional Research Training Grant (T32) renewal, 5 years, \$2.1 million awarded to Indiana University
- 2008-14 Planning Assistant, Indiana University Animal Behavior Conference
- 2004 Co-organizer, Smithsonian Center for Species Survival 'Science Day' research forum
- 2003-07 Reproductive Advisor, Fishing Cat Species Survival Plan
- 2002-07 Volunteer, Autumn Conservation Festival, Smithsonian Conservation Biology Institute
- 2002 Co-editor, Invited supplement to *Environmental Health and Perspectives* entitled "Impact of endocrine disruptors on brain development and behavior"

AWARDS AND HONORS:

- 2002-07 Smithsonian Institution Predoctoral Research Fellowship
- 2001-07 Matching Tuition Scholarship, University of Maryland (UMD) Graduate School
- 2006 Jacob K. Goldhaber Travel Award, UMD Graduate School
- 2004-06 First Place Poster Presentation, UMD Animal Sciences Department Annual Symposium
- 2003 Morris Animal Foundation Fellow
- 1997-98 Tri Beta Biological Honor Society, St. Mary's College of Maryland

GRANTS:

- 2005 *Understanding Peri-Implantation Status in the Cat and Improving our Ability to Control Reproduction*, University of Missouri Endowment Funds (2 year award, \$42,160), Co-investigator and Project Coordinator.
- 2002 *Reproductive Biology and Development of Artificial Insemination in the Fishing Cat*, Morris Animal Foundation (2 year award, \$23,700), Co-Investigator.

MULTI-INSTITUTIONAL COLLABORATIONS:

- 2014 *Understanding how multimodal sensory processing can influence mate-choice in the brown-headed cowbird*, Purdue University and Indiana University
- 2013-14 *Evaluating benchmarks of adrenal physiology in neonatal white-tailed deer born in rural versus urban habitat*, Ball State University, Indiana Department of Natural Resources and Indiana University
- 2010-11 *Influence of female plumage color on testosterone profiles in the barn swallow*, University of Colorado at Boulder and Indiana University
- 2010-11 *Evaluating how primary sexual characteristics impact androgen concentrations in two waterfowl species*, Yale University and Indiana University
- 2002-07 *Characterizing the influence of progestin priming on ovarian physiology in the fishing cat*, Six North American zoos and the Smithsonian Conservation Biology Institute

SELECTED PRESENTATIONS:

- 2009-14 Invited Speaker, Research Experience for Undergraduates in Animal Behavior Lecture Series, Indiana University, Bloomington, IN
- 2006 Invited Speaker, 3rd Int. Symposium on Assisted Reproductive Technology (ART) for the Conservation and Genetic Management of Companion Animals, Non-Domestic and Endangered Species, Omaha, NE
- 2006 Society for the Study of Reproduction Annual Meeting, Omaha, NE (poster)
- 2006 Felid Taxon Advisory Group Annual Meeting, Denver, CO (oral presentation)
- 2005 Invited Speaker, "Cats in Crisis" Lecture Series, National Zoo, Washington, DC
- 2005 Society for the Study of Reproduction Annual Meeting, Quebec City, Canada (poster)
- 2005 Felid Taxon Advisory Group Annual Meeting, St. Louis, MO (oral presentation)
- 2004 5th Int. Symposium on Canine and Feline Reproduction, Embu das Artes, Brazil (poster)
- 2004 Invited Speaker, Felid Taxon Advisory Group Small Cat Management Workshop, Albuquerque, NM
- 2004 Invited Speaker, National Zoo Coffee Talk Lecture Series, Washington, DC
- 2003 Workshop Instructor, Genetic Management for Fishing Cats: A Model for *Ex Situ* Populations, Khao Kheow Open Zoo, Chonburi, Thailand
